

Morgan Stanley

Where Code Creates Change

2020 Technology Analyst Program

Given the continued spread of COVID-19 (coronavirus), all interviews will be conducted by phone or virtual connection to protect our candidates and employees.

Office: Budapest, Lechner Ödön fasor 8.

Training Program Location: Budapest/London

Start Date of the Program: August 2020

Application deadline: Beginning of June 2020

We offer:

- 15 weeks of training in **Budapest and London**;
- Practice based **unique courses** about Java, C++, C#, Scala, Python, Linux/Unix, Windows etc.;
- Company intro and an insight **how technology supports the investment banking business**;
- Real life **projects** with super clever people from **all over the world**;
- Networking and learning opportunities across Morgan Stanley.

In the Development Track, you will:

- Learn a lot about application development and its various technologies like Java, C#, C++ etc.;
- Participate in practice **based courses**, including **lab projects** and **teamwork**.

In the Infrastructure Track, you will:

- Learn **something new every day** about networking, operating systems, databases etc. through **interesting projects** and **lab classes**;
- Be placed in a team **where you can do your best**.

After the training program:

- We will make sure to integrate you and to **offer you an exciting job**, using **various technologies**,
- You will have the opportunity to participate in **technical and soft skill trainings**,
- We not only offer a job for you **but a long term career**, supported by a great **mobility program**.

You have:

- Maximum 1 year of relevant work experience, or **you are a fresh graduate**,
- Bachelor's or higher **degree in Computer Science, Computer Engineering**, Physics or a related discipline,
- Solid level of **English**, and good **problem-solving skills**,
- For development track: you are familiar with at least one **OO language: e.g., Java, C++ or C#**,

- For infrastructure track: you have a **proficient** user level knowledge in **operating systems** (Window/s/Unix) or **networking**.

Selection Process: you will participate in a quick, 3-steps-long quick selection process. After **2 phone interviews** (HR and Technical), the **last step is a virtual interview**.

If you are interested in the above opportunity, please apply [here](#) by submitting your English CV.
